## **Production Facility Update March 2, 2010**

As reported, on Tuesday February 23<sup>rd</sup> 2010 Moosehead Cedar Log Homes suffered a fire that caused extensive damage to their manufacturing facility.

As of Tuesday morning March 2, 2010 the investigation is ongoing into the cause of the fire. The State Fire Marshal's office as well as the insurance company is conducting the investigation. Upon completion of the investigation Moosehead Cedar Log Homes will begin the clean up and rebuilding process.

Currently operations at MCLH are beginning to return to normal. Scheduled log home package deliveries are being prepared for shipment. As a result of the fire Moosehead Cedar Log Homes expects no more than a 1 to 2 week delay in current orders. Thanks to partners in the log home industry MCLH has been offered access to specialized log home cutting equipment. It is anticipated that MCLH will resume full operations in their own facility by mid May.

## **FOR IMMEDIATE RELEASE**

February 24, 2010

On Tuesday February 23<sup>rd</sup> at approximately 1:45 a fire occurred at the production facility of Moosehead Cedar Log Homes located on Log Home Road in Greenville Maine.

First and foremost there were no injuries.

The fire destroyed approximately 50% of the main manufacturing building. The State of Maine Fire Marshals office is currently investigating the cause of the fire.

The building and its contents were insured and it is the intent of the owners, Randall and Lucy Comber, to begin rebuilding immediately after the State Fire Marshal's office concludes its investigation.

Moosehead Cedar Log Homes will continue to remain open. As of today production facility employees were preparing a log home package for delivery to New York. Moosehead Cedar Log Homes' customers will not notice any interruption in their service. In the true spirit of Maine cooperation another log home company has offered its facilities and employees to assist Moosehead Cedar Log Homes in preparing home packages while they rebuild.

For any questions or further information please contact the Corporate Office at 1-800-571-3296.
